Dear Mr. Young,

*x Sealant*

We have just completed a letter to Mr. Dobb, Deputy Secretary of the Council, offering the medium of our radio broadcasts, (Mandarin, Cantonese, English) as one more method whereby the Council could communicate official notices to the public whenever and as often as might be deemed necessary. Actually, we feel we reach more people within the settlement than the total of all newspapers combined. But that is a moot point. What we wanted to do, was to make certain that the Settlement police know where we stand on this matter, i.e., that we are always willing to do anything in our power to assist police work with the broadcast of official notices. Therefore, this letter to you.

May we express our appreciation to you for your attention and courtesy in this matter, before we sign ourselves.

Yours very truly,
